

# 2023 EQUITY ACADEMY

## Examining Collaborative Solutions for Advancing Equity

Join us as we engage community college stakeholders in discussion and practice related to bolstering equitable outcomes across diverse student populations in higher education.

Participants will have an opportunity to learn about best practices as well as connect with colleagues to discuss the challenges and opportunities and lessons learned in addressing systemic barriers affecting students.

The importance of continued discussion and opportunities to gather resources and build support is ever present, as institutions face continual shifts in enrollment, student demographics and student needs, coupled with changes in discourses regarding equity, policies, and practices.

**Friday June 23 2023**

**10:00-2:30 PM**

**iHotel & Conference  
Center  
Champaign, IL**

**Registration Open**
